### Awards

◆ **Menção Honrosa** - Concurso Nacional de Azeite Virgem Extra – Santarém 2016

### Harvest and Production

Our own 'Cobrançosa' olives are harvested early in November 2015, and processed naturally by cold pressing within a few hours after harvest.

Olive oil obtained only by mechanical extraction, without any additives.

### Tasting Notes

A harmonious olive oil, with a deep greenish yellow color and a green grassy aroma typical of the **Cobrançosa** variety. It shows a lightly piquant and nutty flavor at the end, due to the early harvesting of the fruit.

### Track Record
