Awards

◆ **Medalha de Prata – EVO IOOC 2018**

Harvest and Production

Our own '**Cobrançosa**' olives are harvested early in November 2017, and processed naturally by cold pressing within a few hours after harvest.

Olive oil obtained only by mechanical extraction, without any additives.

Tasting Notes

A harmonious olive oil, with a deep greenish yellow color and a green grassy aroma typical of the **Cobrançosa** variety. It shows a lightly piquant and nutty flavor at the end, due to the early harvesting of the fruit.

Track Record
